## INFLOW QUESTIONNAIRE

Dear Resident:

Wallingford's Sewer Division is continuing its efforts to improve our wastewater collection and treatment facilities and is seeking your cooperation in filling out the following questionnaire. Your prompt completion and return of this questionnaire is requested.

1. Property Owner Name: \_\_\_\_\_

2. Address of Property in Wallingford: \_\_\_\_\_

3. Home Telephone Number: \_\_\_\_\_ Please indicate if unlisted

Mobile Telephone Number: \_\_\_\_\_

4. Does your property have a basement?  Yes  No

5. Is your home connected to the Town's sanitary sewer collection system?  Yes  No

6. Does your home have problems with basement flooding?  Yes  No  Sometimes

7. Is the problem caused by:  Sewer backups  Leakage through basement walls or floor

8. Have you installed a backwater check valve on your sanitary lateral connection to prevent sewer backups into your home?  Yes  No

9. Does your home have:  
Sump pump in the basement  Yes  No

Floor drain in basement floor  Yes  No

Roof gutters or roof drains connected to the sanitary sewer  Yes  No

Yard drain(s)  Yes  No

Driveway drain(s)  Yes  No

10. Are there storm water catch basins (open grate inlet) on the street near your home?  Yes  No

After you have completed the questionnaire to the best of your ability, please mail or hand deliver the survey to the Water and Sewer Divisions Office located at 377 South Cherry Street, or scan the survey and email to [inflow@wallinfordct.gov](mailto:inflow@wallinfordct.gov).

Please contact the Water and Sewer Divisions Office at 203-949-2672 should you have any questions or require additional information. Thank you.
