September 24, 2021

Dear Wallingford Residents and Community Members,

The Town of Wallingford Health Department and the Spanish Community of Wallingford are partnering with Hartford Healthcare to offer **walk-in (no appointment needed)** Covid-19 booster vaccination. At this time, booster doses will be made available to the public meeting the criteria listed below determined by the FDA and CDC starting on September 29, 2021. An individual would be eligible for a booster dose if 65+ years of age or immunocompromised starting 6 months after receiving their **second dose of Pfizer-BioNTech**.

Also, available at the listed walk-in clinics will be Johnson & Johnson vaccine as supply allows in addition to Pfizer-BioNTech for 1st or 2nd doses.

Individuals who received Moderna and J&J/Janssen COVID-19 vaccine, it is likely a booster dose will be necessary. The data needed to make a decision regarding booster doses is not available at this time. The data is expected in the coming weeks and will be evaluated as to the booster schedule for both Moderna and J&J/Janssen vaccine. These timelines are subject to authorization by the U.S. Food and Drug Administration and recommendation by CDC's Advisory Committee on Immunization Practices (ACIP).

Please continue to check the Town of Wallingford's website for Health Department updates as the situation progresses. If you have any specific questions regarding the Covid-19 please contact the Wallingford Health Department at (203) 294-2065.

Sincerely,

*Stephen Civitelli*
