

ATTENTION WALLINGFORD  
WATER CUSTOMERS

The Water Division will continue its annual water main flushing program and will be flushing on a Monday through Friday schedule between the hours of 7:30 A.M. and 5:00 P.M.

This flushing program will remove harmless deposits of accumulated rust and sediment and is necessary in order to improve and maintain water quality.

The areas to be flushed beginning Monday, August 2, 2021, will be the following:

**Zone 8: North Elm St., North Main St. and Ext., North Colony Rd., North Plains Ind. Rd., and all other streets in these areas.**

**Zone 12. South Turnpike Rd., Jones Rd., Mansion Rd., Nod Brook Rd., Cook Hill Rd., Spice Hill Condos., Brentwood Village, Olde Oak Village, Heritage Woods, and all other streets in these areas.**

**Zone 13: Center St., North Main St., North Colony St., Church St.-(W), Christian St., High St., and all other streets in these areas.**

**Zone 14: North Cherry St., Washington St., Hall Ave., Bull Ave., Quinnipiac St., and all other streets in these areas.**

Flushing of these areas should take about five weeks.

**Important:** Please check the condition of the water before use, since discoloration of the water and lowered pressures may occur during flushing.

This notice will also be carried by Government Access Channel 20 on Comcast Xfinity or Position 99 on Frontier TV and the Wallingford Town website ([www.town.wallingford.ct.us](http://www.town.wallingford.ct.us) at "News/Announcements" of "Water Main Flushing Program") and will be updated as necessary.

If you have any questions about our flushing program, please contact our office at 203-949-2660.
