April 13, 2020

Dear Wallingford Residents and Community Members,

Over the last several weeks, the Town of Wallingford Health Department has been evaluating the Coronavirus (COVID-19) and its potential impact to Wallingford Residents. The Wallingford Health Department is actively monitoring and contact tracing for confirmed and suspected cases of COVID-19 in the community. There are currently 70 laboratory confirmed COVID-19 cases in Wallingford. For the most recent testing and data information specific to Connecticut utilize, <https://portal.ct.gov/Coronavirus> and click on the heading test data. This link is now available on the Wallingford Health Department launch page in addition to CDC information related to COVID-19.

In a continued effort to prepare for a local public health response our Wallingford Medical Reserve Corps, comprised of medical and non-medical civilian volunteers is continuing to recruit. Registration can be conducted online through <https://ctresponds.ct.gov/> or by calling the Wallingford Health Department directly.

Please continue to check the town website for Health Department updates as the situation progresses. If you have any specific questions regarding the Coronavirus (COVID-19) please contact the Wallingford Health Department at (203) 294-2065.

Sincerely,

*Stephen A. Civitelli*

Stephen A. Civitelli, RS, MPH  
Director of Health
