Joshua Ramirez from Troop 4 presented his proposal for his Eagle Scout project, which is the mile markers for the Phase III extension.

Joshua shared a blueprint / sketch of the mile marker post with rough dimensions and materials. There is a series of paperwork that he will need to fill out before he starts. He expects to begin around late spring or early summer.

John Womelsdorf gave an update to his park bench project, with sketches, material lists, quantities, and costs. he also reviewed his budget and fundraising, procurement of raw materials and discussed the construction schedule.

Fred noticed that snow melt and rain near the tunnel causes a lot of mud and a puddle build up. Cathy suggested to call Public Works to report it, perhaps a drywell or catch basin might be installed.
